Charity Number: NIC102337

Marrying two core disciplines together from a caring perspective for the first time, **ICPDC 2019** seeks to bring together authoritative voices from across the world to share learnings and knowledge with clinical and non-clinical professionals, advocating for a palliative care approach in caring for those with end stage dementia.

**Northern Ireland Hospice** is a leading provider of specialist palliative care in Northern Ireland. Established in 1983, the organisation now cares for over 3,500 infants, children and adults annually. In 2016, **NI Hospice** took a leading role in developing a Hospice Enabled Dementia Partnership, bringing together professionals and individuals with Dementia to Improve access to Specialist Palliative Care for people with Dementia.

This inaugural conference seeks to build on these learnings and broaden the conversation both in healthcare settings and in society
